Belt Collins Hawaii Ltd. Promotes Abe, Fujimori, Onuma Abe promoted to Chief Engineer, Fujimori and Onuma elevated to Vice President

HONOLULU, HI – Belt Collins Hawaii Ltd., a Hawaii-based planning, design and consulting firm announces the following promotions:

Richard S. Abe, PE, was promoted to Chief Engineer. Trina H. Onuma, PE, LEED AP, and Alan Y. Fujimori, ASLA, LEED AP were promoted to Vice President.

Richard S. Abe, PE, is now Chief Engineer after serving as Principal Engineer since rejoining the firm in 2008. Abe worked for Belt Collins from 1973-1982 before leaving for a 26-year career with the U.S. Army Corps of Engineers. He has broad civil engineering experience in civilian and U.S. military construction projects throughout the Pacific. A licensed professional engineer in Hawaii and Washington State, Abe received a Bachelor of Science degree in Civil Engineering from the University of Hawaii. He is a resident of Honolulu and a member of the Hawaii Section of the American Society of Civil Engineers (ASCE) and Society of American Military Engineers (SAME) Honolulu Post.

Alan Y. Fujimori, ASLA, LEED AP, was promoted from Principal Planner/Landscape Architect to Vice President. Fujimori has been with Belt Collins since 2005. He specializes in community planning, urban design, and landscape architecture focusing on projects in Hawaii and Southeast Asia. A licensed landscape architect and LEED Accredited Professional, Fujimori received a Bachelor of Fine Arts degree in Environmental Design from the University of Hawaii at Manoa and a Master of Landscape Architecture from Harvard University. A resident of Ala Moana, he is a member

of the American Society of Landscape Architects, American Planning Association, Congress for the New Urbanism, Historic Hawaii Foundation, and Urban Land Institute.

Trina H. Onuma, PE, LEED AP, was promoted from Senior Project Manager to Vice President. She has been with Belt Collins for 23 years and manages a wide selection of Hawaii projects including site work for large resort areas; roadways and transportation systems; golf course infrastructure; and water supply, storage and distribution systems. Onuma is a licensed professional engineer in the State of Hawaii and a LEED Accredited Professional. She received a Bachelor of Science degree in Civil Engineering from Carnegie Mellon University and a Master of Business Administration degree from Chaminade University. Onuma is a resident of Mililani.

Founded in Honolulu in 1953, Belt Collins is an international planning, design and consulting firm focused on providing value to its clients' land-based assets and sustainable development. The firm employs over 500 multidisciplinary professional and support staff practicing from ten offices in eight countries and territories. In addition to its U.S. offices in Honolulu, Seattle, and Boulder, Belt Collins has offices in Hong Kong, Shenzhen, Singapore, Bangkok, Bali, Guam, and Manila. Belt Collins consistently ranks as one of the top 200 international design firms and top 500 U.S.-based design firms, according to Engineering-News Record. Services include civil and sanitary engineering, entitlements and land planning, interpretive planning, landscape architecture, environmental consulting, GIS, and communications and graphic design. Acknowledged internationally as a leading design and consulting firm, Belt Collins is best known for its extensive work in planned resorts, residential development and community design, serving the private sector, local governments, and the military both in Hawaii and internationally.
